DIVISIONS & ELIGIBILITY:

Open to all youth and young adults USBC certified bowlers. Bowlers must be NO older than 22 as of August 1st 2023.

We have three divisions:

DIVISION I – HANDICAP

Open to all bowlers (with any average).

Handicap will be 90% of 175

DIVISION II – CLASSIFIED SCRATCH

Open to all bowlers with average cap of 174; suggested minimum average of 150

DIVISION III – OPEN SCRATCH

Open to all bowlers (with any average).

Required division for average of 175 or above; suggested minimum average of 170

ENTERING AVERAGES:

Entering average will be, in order: 1) Bowler's 2022-2023 Mile Hi Tour average of at least 3 stops; 2) 2022-2023 USBC Book average of at least 9 games (highest); 3) current league average of at least 9 games; or 4) highest 2023 summer average of 9 games or more. Averages based on regular league competition will be adjusted appropriately to a sport average using the USBC rulebook.

If none of the above exists, bowlers must bowl in one of the scratch divisions at director's discretion OR also at director's discretion, bowler may be allowed to bowl in Handicap Decision and receive NO handicap.

All bowlers will establish tournament average after first stop bowled and will then use that average for future tournament competition during current season.

Once a bowler begins a tournament with a right or left-handed delivery, they must finish that tournament with that same delivery or forfeit.

If a bowler, due to injury or a medical issue, must begin a tournament with a different hand than usually bowled with, they will be treated as brand new bowler and must follow the rules above for a bowler with no average. They will be considered a brand-new bowler as well for the determination of averages, divisions and points.

CHANGING DIVISION:

Bowlers are allowed to transfer up to a higher division at their discretion. Bowlers moving from Handicap Division to a scratch division or any bowler who has already bowled in a scratch division are not allowed to move into Handicap Division during the current season unless at Director's discretion.

Bowlers in the Classified Division who maintain an average of at least 175 for three stops will be promoted to the Open Division. Bowlers in the Open Division who maintain an average of 174 or below for at least three stops may choose to move to the Classified Division.

The only exception to the above division placement is for bowlers who did not participate in at least 3 stops the previous year. In their case, when they bowl their second stop of the current year they may be allowed to move based on their average from the first week of tour bowling.

Any other moves to different divisions due to extenuating circumstances are subject to a vote by the board and/or tour membership. After stop 11, **FOR BOWLERS WITH MORE THAN 5 STOPS, DIVISIONS ARE SET AND NO MOVES WILL BE ALLOWED.** Therefore, for those bowlers, as of stop 12, they must compete in the same division they bowled in the last time they bowled the tour during the current season.

POINT LEADER SYSTEM:

Bowlers will earn points based on where/how they finish in qualifying and where/how they finish in post-qualifying, based on gender. Bowlers will earn one point for participating in the tournament and one additional point for each bowler of their own gender they outscore or tie in pre-qualifying. Then similarly in post-qualifying, bowlers will earn an additional point for making the cut and one additional point for each bowler of their own gender they outscore or tie.

For example, if there are 10 boys bowling, the first-place boy receives 10 points. The second-place boy would receive 9 points, etc... until the last place boy receives 1 point.

Bowlers will receive a proportionate number of points in the divisions they did not compete in so that they are not overly punished when changing divisions.

After the last regular stop, leaders will be awarded additional \$ 150.00 scholarship.

LANE USAGE:

Beginning lane assignments will be made at time of check in. During qualifying competition, bowlers will move one lane pair to the right after each game. During qualifying competition, the scratch divisions will be interspersed on a set of lanes, and handicap division will be isolated onto a separate set of lanes. Post-qualifying competition will be conducted with each division isolated on their own set of lanes.

Bowlers wishing to bowl with specific individuals on the same pair are encouraged to wait to check-in with those individuals.

DRESS CODE:

Appropriate clothing must be worn. Bowlers must wear slacks and a collared shirt, however the mock neck collar type shirts with the collar being no shorter than 2" will be allowed. Any bowler may wear official USBC logoed shirts, including USBC-provided jerseys.

In place of slacks, jeans or capris will be allowed in good condition and in good taste (not torn, tattered or sagging). **ABSOLUTELY NO T-SHIRTS, SWEATS, WARMUP GEAR, LEGGINGS, YOGA PANTS, SKIRTS, SKORTS, SHORTS OR PAJAMAS. NO HEADGEAR ALLOWED!** **Dress code will be strictly enforced. Non-compliance will result in not being allowed to bowl.** First time bowlers not adhering to this dress code will be warned and allowed to bowl at their first stop, but must adhere to dress code for future stops. Please remember that this dress code makes our tour look very professional to proprietors and spectators. Exceptions may be made at director's discretion in cases of health and safety.

FORMATS:

Handicap Qualifying: For all formats, will bowl 4 games of qualifying and move one adjacent pair to the right after each game.

Scratch Qualifying: For all formats, will bowl 6 games of qualifying and move one adjacent pair to the right after each game.

For all post-qualifying decisions where one bowler gets to decide who will go first and on what lane to use, the decision is made by the higher placed bowler as of the qualifying round. The decision is to who starts on the left lane.

STEPLADDER:

After qualifying, field will be cut to top half, rounded up. If there are more than 20 bowlers the cut will be set at 12 bowlers. Minimum cut is 5 bowlers. Then there will be an additional 3-game semi-final round for all divisions. Semi-final scores will be added to the scores bowled during qualifying (accumulated). The field will then be cut to top 5 bowlers for step-ladder finals.

The 5th place bowler bowls the 4th place bowler. The winner moves to bowl the 3rd place bowler, etc... Incoming bowler, immediately before their match should be afforded a place to warm up. The better placed bowler gets to come in and throw 2 practice balls on each lane. Immediately following those practice shots, the incoming bowler gets to decide who goes first and on what lane.

Ties at the first cut of qualifying will advance to the next level (semi-final) of competition. Ties to determine placing (seeding) will be based on high game, continuing until tie is broken. Ties during the post-qualifying matches will require a 9th/10th frame roll-off.

ELIMINATOR:

After qualifying cut to top 16 if there are 20 or more entries and top 8 if there are less than 20 entries. Further rounds will consist of the bowlers bowling 1 game and reducing the field by half, the lower scorers being eliminated, until a single bowler remain. Qualifying pinfall does not carry over. Therefore, the final round will consist of a single game match. In this format, in the case of a tie to determine who moves on (including qualifying), we will have a **9th/10th frame roll-off.**

THREE GAME, TOTAL PINFALL:

After qualifying and cut to top 8 bowlers creating a bracket, 1 vs. 8, etc... Then three additional match play rounds of three game matches. Qualifying pinfall does not carry over. The match play pinfall will determine placing below 2nd. **Ties to determine placing (seeding) will be based on high game, continuing until tie is broken. Ties in the qualifying round to determine who moves on will require a 9th/10th frame roll-off. For a championship round match tie, bowlers will continue with additional games until a decisive winner reached.**

ROUND ROBIN:

After qualifying, field will be cut to top half, rounded up. If there are more than 20 bowlers the cut will be set at 12 bowlers. Minimum cut is 6 bowlers. Then there will be an additional 2-game semi-final round. Semi-final scores will be added to the scores bowled during qualifying (accumulated). The field will then be cut to top 6 bowlers.

Each bowler will then bowl against all the other bowlers one at a time. In each round, there will be a bonus point awarded for performance; 30 points for a win and 15 points for a tie added to the bowler's total pinfall. Qualifying pinfall does not carry over. After the 5 games have been bowled, the bowlers are seeded 1 through 6 and a final position round commences. **Ties at the first cut of qualifying will advance to the next level (semi-final) of competition. Ties to determine placing (seeding) will be based on high game, continuing until tie is broken. Ties to determine position round seeding during round robin will use highest game from round robin games. Ties to determine top 6 bowlers for round robin will require a 9th/10th frame roll-off.**

SURVIVOR:

After qualifying cut to top 8 bowlers. Then additional games are bowled, one at a time. Qualifying pinfall does not carry over. Each game will eliminate the lowest score until one bowler remains. **If there is a tie for the lowest score, a 9th/10th frame roll-off will occur to determine who survives. Ties in the qualifying round to determine who moves on will require a 9th/10th frame roll-off.**

DOUBLE ELIMINATION MATCH PLAY:

Matches for scratch bowlers will be two game total pinfall. Handicap division will bowl one game matches. Taking the top 8 bowlers. Qualifying pinfall does not carry over. **Ties in this format, including determining qualifying bowlers, will require a 9th/10th frame roll-off. Bowlers must lose 2 matches in order to be eliminated. Ties to determine placing (seeding) will be based on high game, continuing until tie is broken.**

CONDUCT:

Unsportsmanlike or impolite behavior by tour bowlers and spectators will not be tolerated! If such behavior is witnessed by any tour Director, the bowler or spectator may be warned or asked to leave the tournament immediately and will forfeit any fees paid for that tournament stop. If bad behavior persists, tour Directors have the right to suspend bowler from future tour stops or forbid a spectator from attending future tour stops. Spectators who witness such behavior are welcome to report such behavior to tournament staff.

Only bowlers, Tour Directors, Jr. Tour Directors, qualified volunteers, and bowling center personnel are permitted in the settee areas during any part of competition – NO EXCEPTIONS!

Coaching or any conversation with spectators by bowlers must not alter, interfere or slow down tournament play. No coaching allowed in the settee area by spectators – NO EXCEPTIONS!

FINAL STOP:

There are two ways to qualify for the “Championship Stop”.

1. Bowlers who have competing in at least 8 stops.
2. Bowlers who have won a regular tournament stop.

If a bowler started bowling a stop and dropped out due to illness or injury they will be considered as having bowled that stop.

Any exceptions to these rules are at the discretion of Mile Hi Tour Management.
